Tom Swift and His Electric Runabout – #5 in the Tom Swift Jr. Series

Tom Swift enters an upcoming race with his specially–designed
prototype electric race car. But as he makes the final preparations
and adjustments, days before the race, he discovers a plot that would
bankrupt not only his family, but also everyone else that relies on the
local bank (which is the target of a nefarious bank–run scheme). Tom
must solve the mystery and stop the criminals behind the plot before
he'll test himself on a 500 mile race against some of the best electric
cars and skilled drivers in the United States. Summary from
